

MAINTENANCE FORUM 2017

Job of Maintenance Community is to Maximise Business

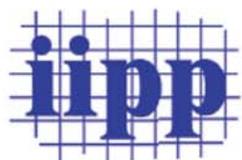

2nd Maintenance Forum
on Maintenance and Asset Management
with trade show floor and multi-track conference

EFMMS

23 - 27 May 2017

hotel Splendid, Montenegro

Hosted by Institute iipp Montenegro
on behalf of Serbian Maintenance Society

Dear colleagues,

I am pleased to welcome you to Maintenance Forum 2017. This Forum will focus on the new challenge that is facing the Business community, which is the necessity for simultaneous:

Day-to-day maintenance of Business System - **FAILURES**

Strategic maintenance of Business System - **PROFIT**

For this to be achieved, a full understanding of the impact of maintenance on both functions is essential. However, this is far from the current situation where the **“Boards of Directors”** in every company in the world are **maximising efforts to minimise maintenance costs**.

Hence, some of the maintenance people of the future must have knowledge and the courage to go to the Board of Directors and show how maintenance makes profit by keeping Business System in business and by reducing operational cost.

Therefore, we have invested efforts to create a lifetime event by gathering together:

- Top speakers and best practice cases from around the world
- Different types of industry covering all aspects of Maintenance & Asset Management
- Innovative concepts and information ready to use.

It doesn't matter what level of experience you have with maintenance - there is something here for everyone and always more than you expect. Maintenance professionals from all over the world will attend to acquaint themselves with the latest technical developments in the area of maintenance and industrial servicing as well as measurement, control technologies and environmental control.

This international event will bring on important issues of maintenance community with purpose to stimulate reflection and debate the challenges and solutions and therefore it represents a unique opportunity to learn from the best how to turn Maintenance & Reliability into key drivers for the Sustainability & Profitability of your company in a global market.

I am sure that your stay in Montenegro will be enjoyable and professionally profitable.

Prof. dr Jezdimir Knežević
Maintenance Forum 2017 Chair

The Forum is considered a top priority meeting and discussion point for the technical and scientific community of maintenance and asset management, promoting sustainable solutions and a healthy business environment. The Forum will bring together people from different countries, sectors, industries, business environments and cultures.

Within the **MAINTENANCE FORUM 2017** will be held following regional conferences:

Western Balkan Ministers of Science Forum, MonEF - Montenigrin Economic Forum, AMKP - Asset Management for Utility Companies, 42. Maintenance of Machinery and Equipment (OMO 2017) and KLiP 2017 - conference of leadership in business.

More than 250 CEOs, Technical Directors, Scientists, Engineers and Specialists in maintenance from all over Europe and the Globe will meet during the Maintenance Forum 2017 to discuss and exchange best practices. **Don't get left behind!**

Mr. Jerry Holdsworth

*MSc MIAM MAPM | Director Asset Management Consulting Ltd
| Finance Director and Technical Chair Institute of Asset Management (IAM) UK*

An accomplished Asset Management thought leader and utility professional with 28 years' industry experience. Jerry specialises in leading business transformation programmes for the development and implementation of integrated Asset Management Systems aligned with leading practices, and has successfully done so for multiple organisations around the world.

Mr. Jerry was instrumental in introducing the discipline into the Middle East having successfully transformed several major infrastructure organisations; one of which became the first GCC utility to achieve PAS 55 accreditation, and subsequently one of the first ISO 55001 certified companies in the world. Jerry is currently leading the first Asset Management project in Azerbaijan; a significant part of the 'Azerbaijan Rail, Trade and Transport Facilitation Project' – the second largest World Bank project in the CIS.

A prolific speaker on strategic Asset Management and experienced panellist and moderator, Jerry has written numerous industry papers and published articles on the subject and continues to present on the global stage. With demonstrable world-wide experience in multiple sectors including utility, transport, real estate, infrastructure, marine, petrochemical, pharmaceutical and defence, Jerry is accomplished in ensuring appropriate Asset Management best practices are developed and maintained.

Mr. Holdsworth will contribute the Grand Opening of the Forum with the introduction speech.

Western Balkan Ministers Forum

“Integration of Science and industrial capacities”

May 24, 2017, Balšić Hall, 12.00 h

Chairman is dr Sanja Damjanović, Montenegro Minister of science

PhD at the Faculty of Physics and Astronomy, Ruprecht-Karls University, Heidelberg, Germany. Since 1999 embedded in international teams, working in two large International Organizations, CERN (Geneva, Switzerland) and GSI-FAIR (Darmstadt, Germany), both in basic and applied research in the field of high-energy nuclear physics. She received her Dr.rer.nat. in physics in 2002 with the Grade ‘Magna cum laude’.

WBM Forum will gather competent ministers and secretaries of state with purpose to discuss following topics:

- What kind of knowledge and expertise do today’s students, engineers, economists, PhDs go to the market with?
- How competitive are our researchers and scientists in various positions, with their knowledge on the regional and European industry markets?
- How much of today’s industry market of the Western Balkan region offers the opportunity to young researchers and scientists for advancement and improvement (and use) of the acquired knowledge?
- How do you assess the global status of science in your country (Serbia, Montenegro, Slovenia, Bosnia, Macedonia, Croatia ...) and its position in the region and Europe?

AMKP Business forum of utility company directors

“Asset Management for Utility Companies”

May 26, 2017, Balšić Hall, 15.00 h

Chairman is Dragan Đorđević, GM of the PUC “Belgrade Waterworks and Sewerage”

Master economist who, during his career, successfully led companies such as PUC “Public lighting”, „Europen sistem“, „Multyact“, „Geachem“, etc.

He completed several training courses in project management, procurement and quality management systems.

AMKP will be directed to the responses to the question: “What could be done by using the modified approach to maintenance?”, as opposed to the conservative principle: “What should be done for maintain?”. During the AMKP models for a positive impact of the function of maintaining on the company business plan and customer satisfaction will be presented.

Directors of regional utility companies will discuss opportunities for cost reduction, Options for improving operational and organizational performance, the restructuring of public utilities, privatization, etc.

AMKP will bring together utility company directors from Serbia, Montenegro, Macedonia and Bosnia and Herzegovina.

MAINTENANCE FOR PROFIT!

MonEF - Montenegrin Economic Forum

Chairman of the MonEF is prof. dr Miodrag Zec

Miodrag Zec is a Serbian economist.

His main fields of interest are privatization and transition. He is Professor of Economics at the Faculty of Philosophy in Belgrade, Department of Sociology, teaches courses on Principles of Economics, Transition Economics, History of Economic Thought and Socio-economic transition.

He was assistant director and adviser to the Privatization Agency and head of the working group that prepared the draft of the Law on Enterprises (2003-2004).

His successful work has been recognized through six books, 40 articles on the subject of macroeconomics, economic policy, transition etc. and more than 140 articles in leading national and international journals.

In his speeches shows eloquence and firmness, but only in the essence and explains the problems metaphors that are sometimes humorous, but always true.

MonEF will bring together successful entrepreneurs and prominent economists from the Western Balkan

Professor Zec will open a discussion on the **Collapse of Socialism and controversies of transition**, by looking at the key problems of the socialist economy, controversy of transition, the question of continuity or everlasting discontinuity, with the desire to come up with an answer to the question of how much “maintenance” of society and state costs, and how through, rules and procedures, security of property rights and contracts, efficient public services and the public sector, low taxes and a neutral monetary policy, to provide “maintenance” of the economic and social system.

The economy, especially in the process of globalization and integration, forms the basis for economic convergence of the Balkans to the Europe and world.

MonEF is a unique opportunity for the discussion with successful entrepreneurs and eminent economists about seeing the business from the right angle and hear the experiences of those who made it profitable!

We invite you to contribute the regional conference **MonEF** in order to hear and share the experience of leading businessmen and economists of the region.

**RESTRUCTURING OF THE ECONOMY
“COLLAPSE OF SOCIALISM AND
CONTROVERSIES OF TRANSITION”**

May 25, 2017, Balšić Hall, 09.30 h

Maintenance of Machinery and Equipment OMO 2017

Chairman of the OMO 2017 is dr Miloš Petrović

Doctor of Technical Sciences in the field of motor vehicles. Held management positions in the automotive industry for almost twenty years - Mercedes-Benz Belgrade, General Motors South East Europe, Toyota, Delta Auto Group, etc.

The last few years he was State Secretary in the Serbian Ministry of Economy and GM od Serbian Development Agency.

Dr Miloš Petrović will open a discussion on the following topics:

- Industrial and infrastructure maintenance
- Maintenance and production - technology, services, solutions and tools
- Strategic maintenance management
- Risk management
- Energy efficiency in industry
- Safety, health and environmental protection

Faculty of Mechanical Engineering, University of Belgrade in cooperation with its partners, for 42. time organize a scientific conference Maintenance of Machinery and Equipment OMO 2017. All articles published in the conference proceedings of OMO 2017 will be submitted for indexing in Thomson Reuters, Google Books and Google Scholar databases.

May 26, 2017, Balšić Hall, 12.00 h

Regional conference of leadership in business KLiP 2017

Will discuss on

- Quality and Social Responsibility
- The economics of quality
- Risk management
- Case study competitions
- Innovation and quality
- Quality infrastructure
- The quality of "outsourcing"
- Quality improvement in industrial environments
- Quality improvement of public services
- Transition to ISO 9001: 2015 and ISO 14001: 2015
- Competitiveness of Serbian economy and the development of business excellence
- Process management in integrated management systems
- Applications and development of management systems in accredited laboratories
- Future development status of metrology system in Serbia
- Status and future development of the accreditation system in Serbia

CONFERENCE CHAIR

Marinko Ukropina
SGS

SPONSORS

You are invited to support the 2017 International Maintenance Forum

This is an ideal way to demonstrate your organization's commitment to the field of maintenance – including General Manufacturing, Process Industry, Health & Food, Power generation, Infrastructure & Grids, Heavy Industry, Facilities & Building Maintenance,, and many other areas at the frontier of technological innovation – and to publicize this support to many leaders and students in the field.

Some of recognised sponsors are

Your support is very important to the Forum, and the Forum organisers ensure that these contributions are well recognized. **JOIN THE SPONSORS POOL!**

www.maintenanceforum2017.com

Companies, Organizations and Institutions related directly or indirectly to the fields of maintenance and asset management are invited to participate at **MAINTENANCE FORUM 2017** in order to benefit from the promotion opportunities presented in this Corporate Programme.

Exhibitors and Sponsors enjoy recognition and raise their profile among the public of this event. You can benefit from intensive communication of your corporate identity before and effective networking with the participants during the Forum. As a sponsor of the Maintenance Forum 2017 you will have the opportunity to represent your company through our direct marketing and web-based communications prior to the conference, as well as onsite during the Forum itself. Our Forum provides a wide range of sponsorship opportunities that allow you:

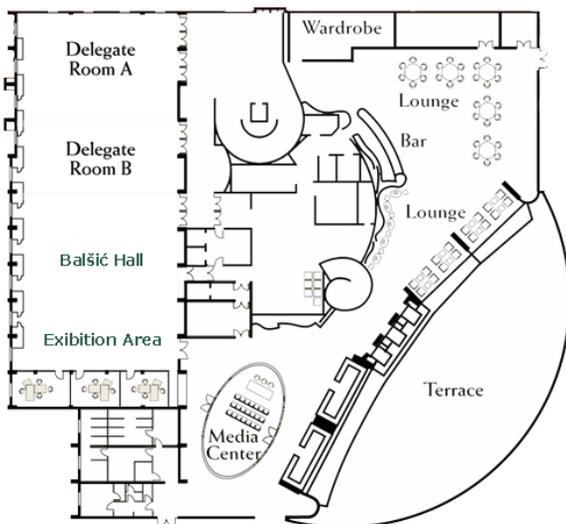

TO INCREASE AWARENESS OF YOUR COMPETENCIES - The opportunity is there to reach tens of thousands of potential new customers by including your company name and logo on the front cover of our conference proceedings, on our website and in pre-conference communications.

TO PUT YOUR ORGANIZATION IN DIRECT CONTACT WITH A CAPTIVE AUDIENCE OF POTENTIAL CUSTOMERS – Use the conference as an opportunity to make new contacts with potential customers and generate new business.

TO SHOWCASE A PARTICULAR PRODUCT OR GROUP OF PRODUCTS, OR TO INCREASE BRAND AWARENESS IN YOUR TARGET MARKET – Enhance your reputation and position of your organization as a leader in the market, through a case study presentation or through taking exhibition space.

EXTENSIVE NETWORKING OPPORTUNITIES during the conference or at our branding dinner will allow you to meet with key decision makers from across the industry.

TO EXPAND YOUR INTERNATIONAL NETWORK, EXPLORE NEW IDEAS AND DEVELOP COOPERATION POSSIBILITIES THROUGH QUALITY FACE-TO-FACE NETWORKING IN THE B2B MEETINGS

CASE STUDY COMPETITION

We are looking for FUTURE EXPERTS/LEADERS

Are you a student with a genuine interest in MANAGEMENT SYSTEMS or STRATEGIC AND ECONOMIC DEVELOPMENT?

Do you have what it takes to challenge the existing beliefs and ideas on how to be a good leader?

If the answer to any of these questions is yes – then we need YOU!

By applying for MF 2017 Case Study Competitions you will have the opportunity to work or conduct your internship in the Institute iipp or in the company Airport Nikola Tesla.

Case study is conceived through student competition groups of 3 to 4 students, whose task is to join efforts to get to the original and unique solution.

You will review management system documentation or strategic and economic parameters in groups, while simultaneously being evaluated in various behavioral skills.

What is Case Competition all about?

In the competition, students will work on a “live case” dealing with real challenges and opportunities in management system implementation case, or dealing with real strategic and operating challenges of Airport Nikola Tesla - Case 2.

Participants strive to develop the best solution within an allocated time frame, pitted against each other in a head-to-head or broader relative ranking.

Teams will deliver presentations for judges and, while competitions vary in composition, a standard format and purpose exists - participants exercise skills and knowledge on a real case for an actual organization, with the support of representatives who can provide professional advice.

Your opportunities and benefits:

- Unique possibility to challenge yourself and your business-skills
- Opportunity to take the ownership of development
- Creating personal relations to top-management employees
- Making a personal impact on the event, as well as developing your own skill-set and mind-set with top management thinking
- Internship at the Institute iipp or at the company Airport Nikola Tesla and work position for the best candidates

What are we looking for students:

- highly motivated by innovation and entrepreneurship
- stimulating and exiting to develop and execute new ideas under the leadership of our experts
- helping the company build new capital
- that will be 100% committed to the development of the event
- comfortable about contacting and communicating internal/external stakeholders in English

If you think you've got what it takes to set out a high-level strategy, test your business knowledge on our case competition.

24.05.2017. Balšić Hall

- 09:30 – 09:50h - **JUSTIFICATION OF APPLICATION OF AUTOMATIC FIRE EXTINGUISHER "MABO"**, MEng Mirjana Opačić, prof. dr Časlav Mitrović, prof. dr Branko Vasić, doc. dr Goran Vorotović, MEng MEcon Miloš Vasić
- 09:50 – 10:10h - **INTEGRATION OF SOFTWARE SOLUTION FOR CONTROLLING ACTUATOR OF ROSE WIND POSITION FOR TESTING IN WIND TUNNEL**, Doc. dr Goran Vorotović, MEng MEcon Miloš Vasić, MEng Mirjana Opačić, prof. dr Marko Miloš, prof. dr Časlav Mitrović
- 10:10 – 10:30h - **UNMANNED AERIAL VEHICLE, ADVANTAGES AND DISADVANTAGES, REGULATIONS**, Doc. dr Goran Vorotović, Vuk Adžić, Aleksandra Mišović, prof. dr Časlav Mitrović
- 10:30 – 10:50h - **WIND TUNNEL TESTING METHODOLOGY OF THE INTEGRATED SECURITY CAMERA SYSTEM**, Mr. Srećko Nijemčević, prof. dr Časlav Mitrović, prof. dr Milorad Milovančević, prof. dr Marko Miloš, doc. dr Goran Vorotović
- 10:50 – 11:10h - **ANALYSIS AND QUALITY INSPECTION OF METAL BALLS WHICH ARE USED IN MILL MINES COPPER, LEAD, ZINC AND GOLD**, Prof. dr Časlav Mitrović, prof. dr Milorad Milovančević, doc. dr Zoran Stamenić, doc. dr Goran Vorotović, Miloš Januzović
- 11:10 – 11:30h - **DATA ACQUISITION AS A TOOL FOR MAINTENANCE MANAGEMENT**, Miloš Vasić, Miloš Januzović, dr Goran Vorotović, prof. dr Časlav Mitrović, Mr. Milun Todorović

24.05.2017. Balšić Hall

- 18:00 – 18:20h - **TRANSPORT AND INNOVATIVE TECHNOLOGIES**, Prof. dr Yuri S. Adrianov
- 18:20 – 18:40h - **ENERGY EFFICIENCY IN INDUSTRY: EXAMPLE OF WOOD PELLET INDUSTRY**, Prof. dr Gradimir Danon, dr Mladen Furtula, prof. dr Dragan Lukačev
- 18:40 – 19:00h - **MAINTENANCE SYSTEM IMPROVEMENT IN SMALL AND MEDIUM ENTERPRICES BASED ON TPM CONCEPT**, Jovan Gligorijević, Aleksandar Brković, dr Dragoljub Gajić
- 19:00 – 19:20h - **AVAILABILITY ANALYSIS AND RISK ASSESSMENT OF A PART OF ELECTRIC POWER DISTRIBUTION SYSTEM IN SERBIA**, Dr Dragana Makajić-Nikolić, prof. dr Mirko Vujošević, Neda Veličković
- 19:20 – 19:40h - **A NEW APPROACH TO DETERMINATION OF THE MOST CRITICAL MULTI-STATE COMPONENTS IN MULTI-STATE SYSTEMS**, Petar Pavlović, prof. dr Mirko Vujošević, dr Dragana Makajić-Nikolić
- 19:40 – 20:00h - **THE USE OF COMPUTED TOMOGRAPHY IN MAINTENANCE**, Amalija Horvatić Novak, prof. dr Biserka Runje, Igor Novak, Marko Orošnjak

CONFERENCE PROGRAMME

25.05.2017. Balšić Hall

- 09:30 – 09:50h - **ASSET MANAGEMENT IN CORPORATE BUSINESS**, Mr. Pierluigi Ghione

- 10:30 – 10:50h - **MAINTENANCE AND MODERNIZATION OF EQUIPMENT AT THE PUMPING STATIONS FOR DRAINAGE**, Goran Puzović, Milutin Jorgović
- 10:50 – 11:10h - **CRITICAL FAILURE MODES IDENTIFICATION USING FAILURE MODE AND EFFECT ANALYSIS(FMEA). POWER PLANT CASE STUDY**, James Mutuota Wakiru, Prof. dr Peter Muchiri, Liliane Pintelon, Peter Kipruto Chemweno
- 11:10 – 11:30h - **APPLICATION OF THE METHOD OF TECHNICAL DIAGNOSTICS TO OPTIMIZE THE OPERATION OF THE DOCTOR BLADE HOLDER ON PAPER**, Dejan Branković, Prof. dr Zdravko Milovanović, Boris Latinović

25.05.2017. Balšić Hall

- 12:00 – 12:20h - **USING CONTAMINATION CONTROL IN CONDITION BASED MAINTENANCE OF A HYDRAULIC SYSTEM**, Marko Orošnjak, Tamara Peković, doc. dr Velibor Karanović, prof. dr Mitar Jocanović, Amalija Horvatić Novak
- 12:20 – 12:40h - **REVIEW OF MAINTENANCE STANDARDS, STANDARDS RELATED TO THE RELIABILITY AND SAFETY**, Srđan Filipović, Mr. Nada Stanojević
- 12:40 – 13:00h - **AN INNOVATIVE APPROACH IN MAINTENANCE OF METALLURGICAL EQUIPMENT**, Dr Milorad Gavrilovski, prof. dr Željko Kamberović, prof. dr Kemal Delijić, Vaso Manojlović, Vesna Nikolić
- 13:00 – 13:15h - **THE INFLUENCE OF THE ADHERED MATERIAL ON THE DYNAMIC BEHAVIOUR OF A BUCKET WHEEL EXCAVATOR**, Doc dr Nebojša Gnjatović, Ivan Milenović, Aleksandar Stefanović, prof. dr Srđan Bošnjak
- 13:15 – 13:30h - **A BRIEF REVIEW OF STRATEGIES USED TO CONTROL AN AUTONOMOUS VEHICLE**, Dragan Stamenković, prof. dr Vladimir Popović, prof. dr Ivan Blagojević
- 13:30 – 13:45h - **COMPARISON OF STATISTICALLY SIGNIFICANT DIFFERENCES OF QUALITY IMPROVEMENT PRACTICE BETWEEN GROUPS OF COMPANIES IN MULTINATIONAL SUPPLY CHAIN**, Prof. dr Vesna Spasojević Brkić, dr Branislav Tomić, prof. dr Zorica Veljković, Nuri Saad Algeriani
- 13:45 – 14:00h - **EXPERT CAPACITY DEVELOPMENT THROUGH INDUSTRY AND UNIVERSITY COOPERATION**, Prof. dr Radivoje Mitrović

26.05.2017. Balšić Hall

- 09:00 – 09:15h - **FACTORS WHICH INFLUENCE RISK OF HUMAN FACTOR - RESEARCH IN A COAL MINE IN SERBIA**, Dr Snežana Kirin, Doc dr Snežana Lakićević, Doc dr Milorad Pantelić
- 09:15 – 09:30h - **MAINTENANCE AND RELIABILITY OF INDUSTRIAL REFRIGERATION SYSTEMS**, Milena Otović, doc dr Uroš Milovančević, prof. dr Franc Kosi
- 09:30 – 09:45h - **OPTIMIZING AND MAINTAINING OF ORGANIZATIONAL ENERGY EFFICIENCY THROUGH SMART COMPUTER USAGE AND SCHEDUELING**, Marko Čirović, Nemanja Milanović, Milena Popović, Uroš Šošević, Minja Marinović
- 09:45 – 10:00h - **YOUTH AND LOCAL COMMUNITY ENVIRONMENTAL PROTECTION: A CASE STUDY**, Kristina Stanojević, Jelena Andreja Radaković, Nemanja Milenković, Nataša Petrović
- 10:00 – 10:15h - **MODELS FOR ACHIEVING COST-EFFECTIVENESS AND SUSTAINABILITY DURING EXPLOITATION AND MAINTAINABILITY OF THERMAL POWER**
- 10:15 – 10:30h - **PLANT**, Prof. dr Zdravko Milovanović, Dejan Branković
- INFLUENCE OF SMART PARTS ON VEHICLE MAINTENANCE**, Prof. dr Robert Bjeković

26.05.2017. Balšić Hall

- 18:00 – 18:20h -
- PLANING MAINTENANCE ACTIVITIES USING PROJECT MANAGEMENT TECHNIQUES**, Prof. Dr Aca Jovanović
- 18:20 – 18:40h -
- TRANSPORT AND INNOVATIVE TECHNOLOGIES**, Prof. dr Yuri S. Adrianov
- 18:40 – 19:00h -
- MODEL OF OPTIMAL MAINTENANCE STRATEGY IN EARLY STAGE OF EQUIPMENT PURCHASING PHASE**, Tomislav Turk, prof. dr Dragutin Lisjak, Krišimir Brckan
- 19:00 – 19:20h -
- SYSTEM DYNAMIC PERFORMANCE TESTING**, Siniša Vidović, Denise Vidović
- 19:20 – 19:40h -
- LARGE MACHINES INTEGRATED MONITORING**, Eric dos Santos de Paula, Gustavo Avelino da Silva, Alexandre Augusto de Campos
- 19:40 – 20:00h - **HOW TO TAKE THE GIANT LEAP WITH MODERN MAINTENANCE TECHNOLOGY?**, Dr Erkki Jantunen, Unai Gorostegui Gabiria, prof. dr Jaime Campos, Pankaj Sharma, dr David Baglee
- 20:00 – 20:20h - **INFLUENCE OF PARAMETERS RELATED TO PORT MACHINERY ON PRODUCTIVITY IN THE CARGO HANDLING PROCESS**, Deda Đelović

ACCOMMODATION

HOTEL SPLENDID CONFERENCE & SPA RESORT 5*

The hotel has 322 standard rooms, most of which have sea views, as well as 17 suites, Penthouse and Presidential suite for VIP guests. Hotel guests have at their disposal four bars and three restaurants of different cuisine, the largest SPA center in Montenegro, as well as the casino Casino Royal.

P: +382 33 773 757

E: reservations@montenegrostars.com
